“Sharing What we Know and Who we Know”

“We’re all in this together”

We’ll chat and chew on a light supper

while we hear from our
special guest speaker

Jenny Sedgewick.

Jenny is a mum from Ballarat who assisted her son to move into his own place that the family built .

Jenny and her family did this in partnership with other families and an organisation called Pinnarc (like SRS) .

The young people live in their own units on the same land and receive their own support. The families know the neighbours and work in partnership with the support services.

Jenny is very happy to share with us “What went well” and “What did not go so well” . She speaks to parent groups and feels she can help others learn from their experiences.
