

# TRANSPORTATION - A CHALLENGE FACED BY PEOPLE WHO USE WHEELCHAIRS.

## BUT YOU CAN HELP...

How would you feel not having the freedom to get in your car and go whenever you like where ever you like? Having to rely on specially modified taxis and public transportation? For those of us lucky enough to have the luxury of travelling independently and freely, we can only imagine the frustrations and difficulties faced by people using wheelchairs.

Sunraysia Residential Services (SRS) is a local, not-for-profit organisation that has assisted people with disabilities in and around the Sunraysia district since 1976. SRS is seeking community support to help raise funds to purchase a wheelchair vehicle. The vehicle will give people who use wheelchairs the opportunity to travel freely and independently – whenever and wherever they choose to- like you and I do.

**ALL DONATIONS ARE  
GREATLY APPRECIATED**
